WEBINAR
Two Hours

Course Overview

This cutting edge session discusses organizational politics:

- **Openly**—instead of whispering about it behind closed doors, sweeping it under the carpet, or whining at the water cooler.
- **Positively**—as ethical politics and strategic influence instead of thinking politics is a dirty word.
- **Objectively**—so a foggy, vague issue is solved with a systematic map for navigating power and politics.

Organizational Savvy's content buckets include:

- **The Positive Politics Business Case**— an inspiring business rationale for entering the ethical politics arena.
- **Leveraging Political Styles** – discovering the strengths and risks of your organizational politics mind-set and how to influence stakeholders with various Political Styles.
- **Implementing Organizational Savvy Skills** – vital skills for navigating organizational politics with integrity.
